

Objectives: Course CA-302 RIGGING TRAINER DEVELOPMENT COURSE

Terminal Objectives

At the conclusion of this course, the attendees should know what it takes to comply with Crosby use of materials requirements, how to download Crosby PowerPoint presentation files, link videos and how to order their students training materials, in the future.

Enabling Objectives:

1. Recognize common trainer presentation mistakes and basic presentation skills for success.
 2. Learn how to download and use the Crosby Users Guide for Lifting on line rigging course for multiple student (group) presentations.
 3. Recognize legal requirements for use of Crosby training materials.
 4. Learn how to download the Crosby PowerPoint presentation files and link appropriate videos.
 5. Learn how to order Crosby training materials for future training classes.
 6. Learn how to contact Crosby training support staff if future questions or issues arise.
 7. Learn what Crosby tools are available for continuing rigging education.
